

# THE HANGAR

## NORTHERN EUROPE'S LARGEST AIRPORT CONFERENCE VENUE

The Hangar is a vibrant meeting hub with an international and unique atmosphere. Here we have room for up to 2150 people, five Cessna airplanes or 25 cars - in other words, we are very flexible. And with two hotels and 988 rooms connected to the Hangar, accommodation couldn't be more convenient.

The congress and hotel facilities have an unparalleled location right next to Copenhagen Airport just opposite Terminal 3. You can walk directly from the arrival halls to the lobby via a covered walkway in less than 5 minutes
