Get a room on the 8th or 9th level for a special treat. Many of these guest rooms provide views of the financial district skyline, the cathedral, and Piazza della Repubblica. The traditional lobby goes from being a transit space to becoming the neuralgic centre of the hotel and a socialising space, remembering the idea of the typical Milanese style yards. With its fireplace area it is the ideal location to both relax and work. The fluid and adaptable spaces of the hotel are ideal to host any kind of event, ensuring unforgettable moments. The Camelia's Yard - Milano Social Bistrò, which is a cool cocktail bar and a stylish restaurant at the same time, is characterized by a floral theme that can be found both in the design and in the menu. At the restaurant, guests can try the finest dishes created with seasonal ingredients and edible flowers, including a new take on some famous dishes reinvented by our chefs and a selection of burgers.
