TIME ZONE GMT + 4 hours

CLIMATE Abu Dhabi has a hot, arid climate and there are two seasons, namely winter and summer. From June to September, the region experiences temperatures averaging 35°C. During this period, visitors can expect to witness intermittent sandstorms which can reduce visibility. The highest temperatures recorded during the year are around 46°C at the height of summer, falling to 20°C during the winter months. Throughout the year natural fibres and breathable clothing are recommended.
