# UNIQUE FEATURES

---

## SOME OF OUR UNIQUE FEATURES

- This treasured historical landmark hotel is listed as an architecturally significant building by the Conservation Office of Prague City Council.
- The property is a supreme example of brutalist architecture in the Czech Republic and a “Gesamtkunstwerk” all-round work of art, resulting from an elaborate creative concept that has been in place since its inception. All the internal preserved arts and crafts elements including blown glass chandeliers, gilded lightings and ornate ash wood posts are being restored. Whilst the unique character of the facade of the building is articulated by asymmetrical vertical strips of authentically replicated ceramic bricks, resembling the original mosaic of porcelain bricks by sculptor Zbyněk Sekal.
- The hotel’s owners being avid art collectors and preservationists of Czech art and film, the hotel’s focus on art is more than a decorative touch, with both historical site-specific installations and regular movie screenings acting as a gateway to the local art scene and creatives.
- Fairmont Golden Prague offers exclusive access to Martinic Palace, one of the most beautiful Renaissance structures from the second half of the 16<sup>th</sup> century, for exclusive off-site gala evening and incentive dinner activities.
- Offering a new dawn of otherworldly dining and entertainment in Prague with an opulent choice of 6 luxurious, yet relaxed indoor and outdoor restaurants and bars.
- Your path of rejuvenation is mapped out in alignment with your individual needs at our 1400 sqm Fairmont Spa and is complemented by an indoor and outdoor pool, the latter being unique to Prague’s city centre.
- Meetings become inspired affairs at our three exclusive C-Suite Rooftop Boardrooms, all offering private terraces and the latest audio-visual equipment.
- A magnificent iconic 600 sqm column free ballroom can welcome up to 600 guests.
- Fairmont Golden Prague is proposing a trailblazing design approach showcasing the latest trends and sustainability practices for the contemporary affluent traveller and aesthete, one that is concerned with culture, conservation, and an overarching spirit of community.
