## ROOMS & SUITES

No one likes a dull room, so we've brought ours alive with the distinct and colourful Cardo character. Playful artworks, wit and wellbeing are the key features of our spaces. Our colourful character shines through our 532 rooms, including 46 unique suites, some of the largest in the whole of Brussels.

*Immerse yourself in a whole new hotel experience. Find stimulating social areas with unexpected design to spark debate, together with quieter corners to promote self-reflection and re-connection.*

## FOOD & DRINKS

Dining isn't just a time of day — it's an art form. We bring people together to share stories, laughter, and some great local flavours, in incredible settings. Explore the highest bar & restaurant in Brussels on the 30th floor, a restaurant with a live cooking station bringing people together for breakfast, conference events and informal coffee meetings & a sociable cocktail bar with a laid-back vibe.

## WELLBEING

Wellbeing is a fundamental part of Cardo Brussels and we've put it all on the rooftop as the crowning glory of our hotel. It's hard not to feel inspired by our magnificent rooftop indoor swimming pool with a glass ceiling & our sensational spa with five treatment rooms, a large sauna & a relaxation area.

## MEETINGS & EVENTS

Our expansive meeting and event spaces are 29 floors high and are the perfect setting for blue-sky thinking. We have 15 highly flexible meeting rooms fitted with all the technical wizardry you'll need & our 530 m<sup>2</sup> Ballroom can accommodate any type of event.

## EXPERIENCES

Not just your run of the mill 'Things To Do' here. In true Cardo style, we have distilled our experiences down to a selection of life-enhancing events such as caricature artist meets and sight-seeing jogging sessions as well as fascinating talks and a few other unusual curations.
