A Hideaway

MEANT FOR DISCOVERY

In the depth of the Andalusian hills,

picturesquely located between Málaga and Marbella, lies La Zambra, a 5-star hotel part of *The Unbound Collection by Hyatt*. An iconic hideaway and luxurious Andalusian escape, where every moment is celebrated and elevated, where we instill the same spirit of the Flamenco dance the hotel is named after. A spirit which encourages you to be whoever you want to be or to simply be yourself. La Zambra is a resort that awakens all the senses, *a blank canvas with unlimited possibilities*.

Gastronomy

Discover the best of Andalusia

To dine at La Zambra's restaurants is to take a *road trip through the great classic cultures*, with Mediterranean cuisine as a base and a wide variety of powerful local and international flavours which pay homage to the world's tastiest culinary traditions.

From the classic *pescado frito* to a selection of pizzas, traditional pastries, the finest wines, and the most pioneering tapas dishes, La Zambra's gastronomy invites you to discover the best that Andalusia – and the world – have to offer. Take your pick from four different restaurants with incredible views and *get ready to treat your taste buds*.

PALMITO

Combining the excellence of traditional Mediterranean recipes with the authentic flavours of Andalusia, Palmito is a celebration of the ingredients of our land, where freshness and savoir-faire unfold in every dish.

Indulge in a late breakfast, a leisurely lunch or an intimate dinner, both indoors, where the contemporary blends with the natural elements of the region, and outdoors, on a terrace overlooking the gardens cocooned from the sun beneath its reed roof.

PICADOR

An invitation to sin amidst beers, laughter and good wine, where formalities are left behind to reveal a vibrant ambience. With the echo of flamenco chords in the distance, Picador proudly celebrates the treasures of our land, presenting a novel and daring take on classic Andalusian tapas and recipes – always served in the centre of the table with that distinctive southern eagerness to share.

Both on its charming terrace facing the mountains of Mijas and inside, featuring a wine cellar with more than 90 wine references by the glass, Picador exudes its charm, mischievousness and, above all, its desire to toast to life.

BAMBOLEO

With a spacious interior and a terrace to enjoy the best sunset on Costa del Sol, Bamboleo offers a creative cocktail menu paired with exquisite snacks to enjoy at any time of the day.

A place where the spirit of the former Byblos lives on, steeped with the essence of those hedonistic characters who left their mark around here.

La BARTOLA

A place where we honour spontaneity and the essence of the authentic chiringuito's of Andalusia. A casual spot to sample delicious seafood snacks, fresh salads or something more indulgent such as the authentic *fritura andaluza*. Supporting acts include fresh and cold pressed juices, cocktails, and La Zambra's signature *sangrias*.

SARAO

Celebrate life following the trail of the hedonistic Costa del Sol of the 80s and 90s is possible even a quarter of a century later. Sarao, with capacity of up to 150 people and meticulously restored preserving the essence of the legendary Byblos' nightclub, is the ideal space to conclude any celebration. With its pre-installed sound and lighting equipment, it has everything to turn the night into a memorable story.

Automotive events

Experts in Car Launch, La Zambra offers technical characteristics and spaces flexibility that will make the event unforgettable.

Private Parking – With an independent entrant and all the necessary facilities::

- 800 KVA of electrical power (exclusive use for the event)
- Cleaning Area: Water supply and drainage
- Semi-permanent tents installation upon request

Additional Independent Parking - with 120 AMP of electrical power and water supply.

Main Parking – possibility of reserving slots.

Drive Way & Car Exposition in Main entrance.

2 Meeting Rooms (up to 340 smq) with direct car access.

Variety of routes near by (sea shore & mountain).

Golf

The ultimate
golf destination

Mijas has around 12 significant golf courses within 15 minutes' drive from La Zambra and should be noted that there are 2 *championship golf courses along Costa del Sol*.

Enjoy a buggy ride through the direct access to Los Olivos and Los Lagos, two world-class golf courses located next to La Zambra and *designed by renowned Robert Trent Jones*, who had built more than 500 courses around the world. Jones believed that a hole should be "a difficult par but an easy bogey" and applied this philosophy to the design of these 2 courses mentioned above.

Mood Spa

One of the largest spas on Costa del Sol, a 2.000 m2 sanctuary, designed to *recharge your body and mind*, through five journeys that take your mood or physical state as a starting point, to improve your wellbeing, combining the best products with natural, holistic or innovative techniques, according to your needs.

After your treatment, enjoy the jacuzzis, hamman, sauna and its own swimming pool or just take a quiet moment in the spa courtyard. For those feeling more energetic, La Zambra has *world-class sports facilities* available throughout your stay 24/7, equipped with Technogym technology as well as tennis and padel courts. Our wellness area also includes yoga and *Pilates classes*, in a large studio full of natural light.

We invite you on the *ultimate road trip*, where your state of mind and soul will be your GPS, and where traditional and oriental methods blend together to perfection.

Mijas

Once described as the most charming and picturesque Andalusian village in Costa del Sol, the historic white village of Mijas is the perfect destination to wander around until the sun goes down. Nestled between the mountains and the sea, Mijas has numerous hiking trails, long beaches, and golf courses nearby. Its narrow streets, white lagares and cortijos, craft shops and flower-adorned balconies will make you fall in love with the relaxed lifestyle of the Andalusian countryside

What to do

Málaga

As the gateway to the Costa del Sol, Málaga has become one of Spain's cultural hubs, brimming with places to explore, from the attention-grabbing Pompidou Centre and the popular Picasso Museum to the street-art-cloaked alleys of its edgy Soho district. The hallmarks of Málaga's rich past are scattered throughout the cobbled streets of the old town, its mountainside Roman amphitheatre and the Moorish citadels of Alcazaba and Gibralfaro.

Marbella

As well as being one of the most popular luxury destinations in Europe, Marbella is home to traditional Andalusian architecture, flower-covered balconies, and narrow pebbled streets where Spaniards and international visitors mingle *al fresco* during dinnertime. From Plaza de los Naranjos to the Alcazaba or the castle, walking around Marbella's Old Quarter is the perfect way to get familiar with Andalusian traditions and rich culture.

Tennis & Padel

The most effective way to release stress after a meeting or the perfect teambuilding activity. La Zambra's 2 tennis courts and padel court, with possibility of personalised lessons with professional coaches are the perfect excuse to strengthen bonds.

Olive Oil Tasting

Mediterranean gastronomy would not be the same without olive oil. Learning its history and the best recipes to take as much advantage of it in the kitchen can also be fun. Deep into this fascinating world, enjoying a tailor made tasting that will increase your knowledge

Yoga & Flamenco

Reconnecting with the body and soul, in the andalucian way. The Spanish guitar will guide the movements to achieve inner peace while improving flexibility and strength.

Sustainability

As a responsible
and conscious hotel,

we recognize the importance of sustainability and the impact that our operations can have on the environment. We are committed to reducing our ecological footprint and promoting sustainable practices, including energy and water conservation, waste reduction, and responsible sourcing. We strive to create a positive impact on the environment and society while providing our guests with an exceptional experience.

- All the **hotel's lights are LED**, which not only helps to save energy but also avoids heating the areas, as they do not have a thermal load.
- Part of our electrical needs will be covered by **solar panels**.
- We have a **modern energy recovery system**: during the summer, the heat produced by the air conditioning during use is reused to heat the cold water; and in winter, the cold produced by the heating system will help to recondition the air in the common areas.
- We use a home automation system so that the air conditioning is automatically switched off when the windows are opened. In addition, all areas of our hotel will be set to **comfortable temperatures according to EU guidelines**.
- None of our **pools** are disinfected chemically, only with **saline solution**.
- Guests will not be provided with **any single-use plastic**, including minibar products.
- Individual **amenities** have no place in our understanding of quality service. Shampoos, gels, and creams are **refillable**. Cotton swabs, eye pads and combs are made of **sustainable bamboo or cotton**.
- All **courtesy items provided** to the guests will be **wrapped in organic cotton bags**, and the laundry in silk paper.
