F & B

11 world class restaurants, bars & lounges

Dubai is a city where the world comes together, and this is represented by the different cuisines in 11 restaurants, bars and lounges throughout the hotel.

BAL HARBOR BEACH

This venue accommodates groups ranging from 100 to 1000 guests, perfect for private beach gatherings and team-building exercises. A minimum revenue requirement is in place for reserving the space, which can be adjusted with spending on food, beverages, and liquor. It offers access to the West Beach Area and serves as an exclusive venue for significant events.

SEÑOR PICO

Rooted in rich California history and the delicious flavors from Mexico, Señor Pico's serves memorable fusion fare, signature cocktails, and an inviting casual atmosphere. With unparalleled beachfront views, the Señor Pico menu features reimaged classics and new favorites – all with a vibrant and spicy streak. From hearty torta sandwiches and tacos árabes to seasoned rotisserie meats and crispy cheese quesadillas, dining at Señor Pico will offer a true exploration of California Mexican cuisine.

A lively Korean barbecue restaurant with a modern cosmopolitan feel. Fresh authentic ingredients are paired with an exciting beverage menu featuring fine wines and Soju.

Rooftop Lounge and restaurant with a unique Nikkei menu offering Peruvian and Japanese cuisine along with crafted cocktails and unmatched views.

THE ITALIAN KITCHEN

Cucina makes our guests long to return to Italy – even if they’ve never been there! Such is the allure of its aromas, its beautifully handmade pasta and pizza, the freshness of its ingredients, the heady whiffs of coffee, a splendidly stocked and showcased deli – and the best gelato this side of the Mediterranean at Gelateria by Cucina.

Gelateria
BY CUCINA

Ice cream lovers find themselves in heaven as they walk into the Gelateria by Cucina, which takes them on a journey on how the gelatos are made in-house through having sneak peaks into the gelato kitchen.

A feast for your imagination, this interactive buffet restaurant offers Mediterranean cuisine along with international favorites for breakfast, lunch and dinner every day.

The vibrant Great Room is the hub of the hotel, ideal for small meetings and socializing with friends. Serving drinks and light snacks through the day and cocktails in the evening.

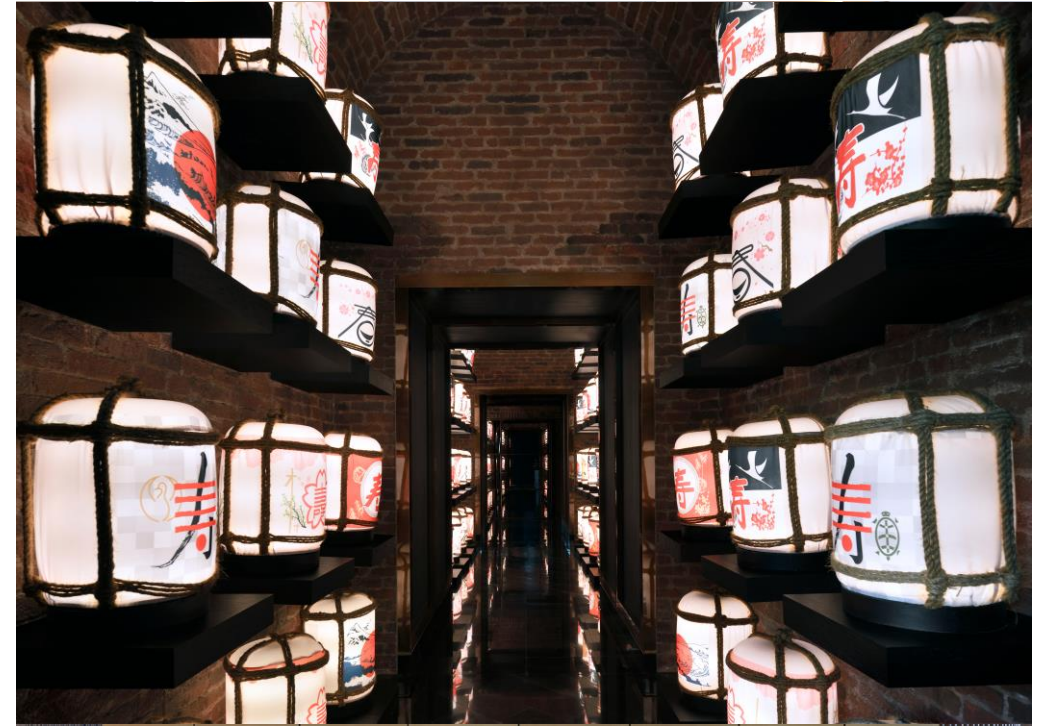

Moving to its own Miami South Beach rhythm, Myami Bar & Lounge at the pool is famous for its inventively crafted cocktails and light bites, with a buoyant soundtrack that rides the tide from day to night.

BAL HARBOR
BEACH

The magnetic lure of Bal Harbor Beach, a tranquil waterside expanse for our guests by day and an energetic hotspot welcoming one and all by night, is where a cosmopolitan spirit and mellow beach vibes set the stage for something delightfully unexpected. Two shimmering facets include MyAmi Bar & Lounge and Señor Pico, each with its own authentic aura.

The kitchen team reads like a who's who of the Japanese culinary A-list.

Dine on delicacies dreamt up and dished up by distinguished chefs from the foodie capital cities of London, Miami, Dubai and Ibiza, with experience from World renowned and iconic restaurants such as Zuma, Maya Bay, Novikov, Cipriani, La Cantine, Gohan, Mimi Kakushi and others. OKKU flies in both fresh fish from the Tsukiji Market and super high-grade Wagyu, both from Japan as quality ingredients are a must and at OKKU we do not compromise!

SUSTAINABILITY

GREEN KEY

Sustainability Practices

- In House Water bottling plant (BE WTR)
- Plastic Free Property
- In-House Farming/ Grown up herbs and plants
- Green Events: Sustainable coffee break menus
- Bicycle & Jogging
- Wooden Key Guest Cards
- Solar pannels to produce renewable energy
- Motion Sensors
- VFD (Variable Frequency Drive) for all air handling units
- LED Lights
- Bathroom amenities
- Water management plan (dual flush, sensor based)
- Waste management plan: we recycle 10 materials (plastic, glass, carton, paper, metal, used cooking oil, used batteries, used cartridges, used soaps, damages tubes & bulbs)
- In-House composting food waste with Waste Lab (i.e: recycling grounded coffee to produce organic mushrooms; no bin day)

THANK YOU
