Meetings with
the right mood

Productive and purposeful

MEANINGFUL MEETINGS THAT MAKE AN IMPACT

Most of the time, that meeting really could be an email. But sometimes, there's no substitute for getting the team together to create, optimise and progress.

Productive, purposeful meetings are vibrant, energising and inspiring. They boost morale, improve mental wellness and smash KPIs. All you need is to set the right mood.

No more stuffy boardrooms and sterile lighting. Forget bland agendas with no interaction. Avani helps you craft meaningful, motivating meetings aligned with your goals.

Meetings personalised for your purposes

Begin with our baseline – a standard package with everything you need to get the ball rolling. Enjoy access to fully equipped spaces, plus food, drink, activities and incentives.

Then, add a mood according to your aims. Whether you want to encourage creativity, lift morale or get more clarity, everything is tailored – from the seating and the lighting to the playlist and the ice-breakers.

Include yoga, painting or a boot camp; sip refreshing smoothies or craft your own delicious energy balls; brainstorm on bean bags or unpack ideas over a park picnic.

At Avani, we set the mood for meetings that make a difference.

Start strong with a solid standard
